	<b>Action Taken Report</b>	<b>10 - 14</b>

**ANALYSIS**  
**SESSION 2019 – 2020**

**ANALYSIS OF FEEDBACK FORM OF STUDENTS: 2019 – 2020**

**TOTAL NUMBER OF REPSONSES RECEIVED: 315**

The survey included 315 responses from students of UC & PG classes including all the streams viz., B.A. (34.3%), B.Sc. (36.5%), M.A. (13%), M.Sc. (13.3%), B.Com., M.Com., and PGDCA (approx. 2.9%) (Fig.1, 2). The participants included about 7.9% students from first year, 57.8% from second year and 34.3% from third year as shown in Fig. 3.

1. Extent of the syllabus covered by the teachers.  
315 responses

Fig. 4

2. Use of various teaching methodologies (Use of charts, ppt, models, ICT tools etc.)  
315 responses

Fig. 5

In the feedback form, about 70.5% students advocated that 80 – 100% syllabus was covered by the teachers during the session (Fig. 4). About 61.5% students stated that teachers use various teaching methods such as charts, ppts, models and other ICT tools to clear various concepts in teaching learning process (Fig. 5).

3. Transparency in internal assessment system followed by the college  
315 responses

Fig. 6

4. Encouragement and support given by the teachers for pursuing job oriented courses  
315 responses

Fig. 7

About 87.6% students opined that transparency was followed by the college in internal assessment system (Fig. 6). While, 76.2% students were satisfied with enough encouragement and support provided by the teachers which helped them for perusing job-oriented courses (Fig. 7).

5. Extracurricular activities conducted by the college and the encouragement given by the teachers for participation in these activities  
315 responses

Fig. 8

6. Counseling and mentoring provided by the teachers  
315 responses

Fig. 9

When asked about the encouragement given to the students regarding participation in extracurricular activities conducted by the college, about 67.6% students responded in a positive node (Fig. 8), while around 70.8% were of the view that teachers were very helpful and provided them required counselling and mentorship to discuss various personal and study-based issues (Fig. 9).

7. Facilities available in the college to have overall development of the students  
315 responses

Fig. 10

8. College has well established forum to address student's grievances  
315 responses

Fig. 11

About 66.3% students were satisfied with the facilities available in the college for overall development of the students (Fig. 10) and 76.2% of them agreed that college has well established forum to address student's grievances (Fig. 11).

9. Overall teaching learning process in the college  
315 responses

Fig. 12

A total of about 76.5% students responded that overall teaching learning process was good in the college during the session (Fig. 12).

#### 10. Suggestion if any (82 responses)

The following suggestions were given by the students in the feedback form

1. Avail Wi-Fi all over the campus
2. When you organise convocation function at that time there must be arrangement of accommodation for those students who came from other cities.
3. Should provide proper classroom and better labs to M.Sc. Chemistry
4. Should provide all the required chemicals to students & a proper classroom to MSc Chemistry students.
5. The teachers should be more pragmatic in their approach rather than just sticking to the books (which in reality are not books but MBDs). No extra effort is taken to inculcate knowledge among students. No discussions about current affairs take place in the class except for some teachers. And the most important thing I would like to bring to notice is that most of the teachers expect that the students should know everything prior and display a lack lustre attitude. They behave in a sadistic manner and leave no stone unturned to demean the students. Teachers should be friendly and provide warmth to the students as the teachers are the only people left for us to rely on as we come from faraway places. I hope the institution can work upon these things, otherwise it will become difficult for students to even address their grievances.
6. Washrooms should be cleaned frequently.
7. Placement should also be provided by the college to final year students.... Practical application of subjects should also be taught so that students can do good at corporate sectors
8. If we can have career counselling sessions by experts.
9. We M.A. Music Vocal students wanted a separate room for our riyaz in college.
10. The college can improve in various ways like providing more opportunities for extracurricular activities and not just focusing on the academics. The participation in various events was limited to a handful of teacher's favourites only.
11. Need practical Exposure
12. Laboratory can get better with the working apparatus
13. Campus placement should be provided to final year students by the college
14. Take more fan in rooms
15. Forum for student's suggestions.
16. Skill enhancement in various fields
17. Need to work on infrastructure of the college.

16. Skill enhancement in various fields
17. Need to work on infrastructure of the college.
18. There must be some seminars and workshop to be there for extra mental growth of students
19. Water management, teacher's behaviour, time management
20. Cooperative behaviour with students
21. Use of ppts, models is must for life sciences lectures, placement cell is not available so plz do something and yes theatre and various others societies should be available.
22. Please work on the well maintenance of audi , a lot of suffocation is there
23. Overall pggcg11 college was the best college in every term♥☐
24. Improve cleanliness and sanitation of classrooms and washrooms
25. Please clean toilet and at least arrange soap on washrooms and in some rooms fans are not working in such a hot season. Water facility also have to maintain as in commercial department there was some insects. Please check.
26. More open interaction system should be there and syllabus should be covered more clearly
27. More inclusive teaching methods should be used with practical examples
28. Be polite
29. Teaching standards excellent
30. Give chance to student to come forward in every skill or do counselling regarding their career choices
31. Proper classrooms for masters required

### ANALYSIS OF ALUMNI FEEDBACK FORM : 2019 – 2020

The survey included 66 responses from alumni of the college of session 2019-2020. About 92.4% of the participants responded that during their tenure of studies they were satisfied with the overall syllabi of their subjects and its transaction at the institution. (Fig. 1). Some of the alumni suggested that following additions may be done to improve the syllabi.

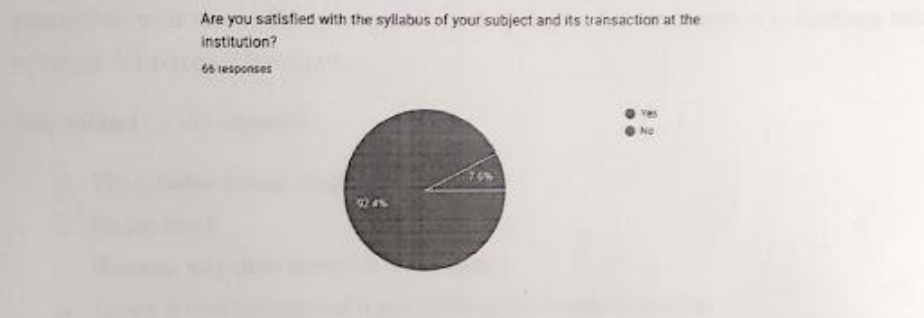

Fig.1

#### **Suggestions by the Alumni:**

1. The syllabus is very tough.
2. It's too much.
3. Because, they don't complete the syllabus.
4. I think it's too lengthy and it gets difficult to complete it on time.

### ANALYSIS OF PARENTS FEEDBACK FORM : 2019 – 2020

The survey included 40 responses from parents of students of UG & PG classes including all the streams viz., B.A., B.Sc., M.A., M.Sc., B.Com., M.Com., and PGDCA of session 2019-2020. About 92.3% parents were of the opinion that they were satisfied with the syllabi of the subjects opted by their children and its transaction at the institution. (Fig. 1). Few parents also gave some suggestions to improve the syllabi.

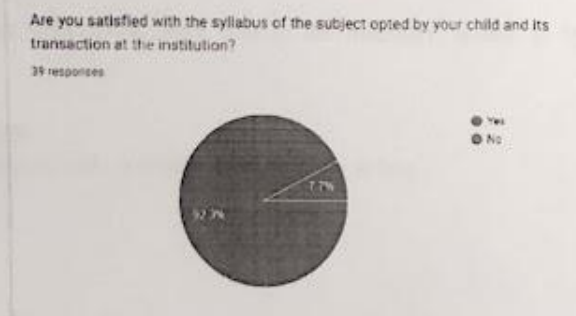

Fig.1

#### Suggestions by the Parents:

1. It's huge.
2. Syllabus is wide and time given to study is less

# **Action Taken Report**

### **Action Taken Report on the basis of Students' Feedback (2019-20)**

The survey included 315 responses from students of UG & PG classes including all the streams viz., B.A. (34.3%), B.Sc. (36.5%), M.A. (13%), M.Sc. (13.3%), B.Com. M.Com. and PGDCA (approx. 2.9%).

The Principal directed the faculty members to ensure that full syllabi is covered before final exams and should include various ICT tools like ppt, charts and video graphs so as to give better understanding and clarity of the subject matter.

For improving transparency in the internal assessment allotment, the faculty members were directed to display the internal assessment on the departmental notice boards and also make students aware about the criteria of allotting internal assessment.

The Principal asked the science teachers to update the status of chemicals and equipment in the laboratory for maximum utilization of teaching skills.

IQAC cell asked the faculty members to guide students about job oriented courses and also to encourage them in participating in extracurricular activities.

The care taker of the college was directed to ensure the hygiene of toilets and maintenance of water coolers.

The faculty members were directed to be polite with the students and inform them about COVID 19 guidelines in their lectures so as to ensure their safety during pandemic.

Teachers were asked to get familiar with new methodologies regarding online teaching.
