

Giving Back to the Alma-Mater

It is no exaggeration when it is said that most of us are nostalgic about the time spent in our alma-mater. They are known as “the best days of one’s life”. The Alumni of PGGCG-11 play a large role in determining the future and continuous development of their institution. The giving back to their Alma –mater is categorized as “Visionary Gift” intended to build the future stability of the institute.

The members of Nostalgia, the alumni association and Prakriti-the environment society of the college organised a tree plantation drive on 29th July, 2017.

Mrs. Astender Kaur, an Alumna of the college, presented a Cheque of Rs. 5000/- to Ms. Kajal of B.A.-1, who was declared All Round Best Player of the college during the year 2016-17.

A Blood Donation Camp was organized by the Alumni Association and the Blood Donation Society of PGGCG-11 in collaboration with the Department of Transfusion Medicine, PGI, Chandigarh on 19.09.2017. The theme, ‘Donate Blood, Save Life’ reflected in high spirits amongst the volunteers. The camp was a huge success and it garnered appreciation from all. It is very important for us that the ties between the Alumni Association and the college continue to flourish. For this to happen, an effort is made to keep all members of the alumni association abreast with all that is new and happening on the campus. In offering the newsletter to you, it is our endeavour to make each one of you more aware of the ways in which our alma-mater is progressing and expanding. It is through these annual alumni meets that one can re-live old moments and share with nostalgia the old times spent together. It is a matter of great pride that since the inception of our college in 1956, our alumni have excelled in almost all fields, be it education, civil services, politics, engineering, entrepreneurship, medicine and so on. And this tradition continues to live on even till date. I welcome all of you, those here and those far away, to come and partner with us in furthering the growth of PGGCG-11 and contribute significantly in taking it to newer heights.
